#### Shopify konfiguravimas

Funkcionalumas pagrįstas, jei parduotuvė turi Shopify paslaugą – (Thirdparty carrier-calculated shipping) trečiosios šalies vežėjo apskaičiuotas pristatymas.

Šią paslaugą turi didesnieji Shopify planai (Advanced, Shopify arba Plus).

Jei turite kitą Shopify planą, šią funkciją taip pat galite pridėti už mėnesinį mokestį arba perjungti iš mėnesinio į metinį atsiskaitymą.

(Third-party carrier-calculated shipping)

Jei turite trečiosios šalies vežėjo apskaičiuotą pristatymo paslaugą, tada:
